

Romantic Malaysia - Kuala Lumpur & Genting Island - 4 Nights / 5 Days

MALAYSIA A melting pot of many races, Malaysia is where you can experience every flavour that Asia has to offer. With towering skyscrapers, a blend of cultures and some of the best beaches in the world, Malaysia is ideal for a honeymoon or a romantic getaway. Langkawi's ninety-nine islands are home to several local legends, beautiful beaches and natural marvels. Pangkor Island and Kota Kinabalu are two increasingly popular destinations for the pleasure seeker. Allow us to help you discover the hidden delights of this country.

KUALA LUMPUR

Kuala Lumpur, the capital city of Malaysia, is considered to be Asia's counterpart of the Silicon Valley. From an obscure little town, the city today has grown to a bustling city of almost two million people. The growth and development of this city has produced an interesting mix of architecture; elegant palatial buildings of a bygone colonial era contrast with modern mega structures like the Petronas Twin Towers. All these, coupled with the numerous street level markets and the traditional culture in the lanes of China Town makes Kuala Lumpur an unforgettable experience for the visitor.

Genting Island

The fun never stops at Genting, City of Entertainment, perched on the top of cool, breezy Genting Highlands. One big attraction in Genting is the cool weather. Because of the 2,000m altitude, Malaysians like to visit just to enjoy the 'European' weather!

In the evening, there is spectacular entertainment at the Genting International Showroom or Pavilion, be it a thrilling magic show or an ice-skating extravaganza. There are also opportunities to go shopping at First World Plaza, visit the indoor and outdoor theme parks and feast on a wide range of delicious food at the many restaurants.

102 Paradise Plaza, 2nd & 3rd Floor, Synagogue Street, Nr. Gita Soc.,
Camp, Pune – 411001 (INDIA)

The First World Plaza indoor theme park / shopping complex features a series of fun rides and six theme areas named after famous cities and landmarks from around the world - France (Champs Elysees), England (London), Italy (Venice), America (Times Square and Universal Walk), Switzerland (Swiss Alps) and Malaysia (Genting Walk).

The Snow World features a log cabin, an igloo, toboggan slides and a snowy play area. It's cold in here, so remember to wear warm clothing. Children will surely love the Rainforest Splash Pool, although the air is chilly, the pool is filled with warm water.

Other attractions are Genting Sky Venture, the only free-fall skydiving simulator in Asia, and Genting X-pedition Wall, an international-standard rock-climbing wall stretching to 15 metres in height, with a 6-metre overhang. There is also bowling, a video arcade, a cineplex and many more fun rides.
