

HumTum Singapore – 4 Nights / 5 Days

CITY INFORMATION

Sentosa

For an energy packed experience of style, adventure, romance and non-stop partying, head here. Whatever your idea of the good life is, it probably begins at the Sentosa harbourfront area. This \$14 billion integrated leisure and lifestyle destination is a mega development within an oceanfront paradise.

Chinatown

Its rich cultural fabric is difficult to capture in words, and is best experienced. Chinatown is divided into four main districts - Kreta Ayer, Telok Ayer, Tanjong Pagar and Bukit Pasoh, each with its own distinctive flavour. This area of Singapore still retains much of its cultural significance from the time when it was populated solely by the Chinese.

Little india

This area is the focal point for the Indian community in Singapore. Its spice scented streets entice you into shops that seem to be veritable treasure troves of silverware, brassware and exotic spices. From the colourful shops in Sherangoon road to the bustling restaurants and beautiful temples along the winding side streets.

Boat quay

It is considered by most to be the trailblazer of the Singapore entertainment scene, with its posh restaurants, alfresco dining, lively bars and pubs. Head here if you're looking for a place to unwind and absorb a distinctly modern Singaporean flavor.

Clarke quay

This is a historical riverside quay in Singapore, part of which has been converted to a mall and entertainment centre. Here, five blocks of restored warehouses are home to some of the city's most celebrated restaurants and nightclubs.
